TREE REMOVAL SPECIFICATIONS – TOWN OF VIENNA

The Town of Vienna is accepting sealed bids to have the following list of trees removed at least 3 feet below the adjacent wire locations.

The trees are to be cut and large limbs lifted down to the ground and placed on the road edge right-of-way. The trees are not to be dropped at random. In the cases where the road right-of-way is insufficient to place the cuttings, the bidder shall inform the property owner that some limbs may be placed on their property. The road must remain clear at all times. The bidder shall provide his own traffic control relative to using the road. The Town of Vienna Highway Department will cut up and remove all cuttings following the bidder's work.

The bidder shall, at all times while working in the Town of Vienna, adhere to the proper public safety practices. The bidder shall be responsible for any and all damage to public and private property and shall file with the Town Highway Superintendent a liability insurance certificate of \$1,000,000.

All work is to be completed immediately after notification of contract award. Contractor's MUST wear ALL safety equipment. The Town of Vienna reserves the right to reject any and all quotes.
